GARNET TRACK TEAM SCORES 78-48 VICTORY OVER BUFF AND BLUE; PRITCHARD STARS

Union Takes Nine of Fourteen First Places; Hill Runner Outdistances Rival Captain In Mile Run

All-around strength in both track and field events brought Union a 78-48 victory over the Hamilton track team as the rivals renewed track relations at Schenectady Saturday afternoon, but Hamilton's Conference champions surprised the highly rated Garnet outfit with splendid performances in practically every event, even to the extent of lowering one Union meet record, and of breaking the Hamilton mile mark and tieing the Hill pole vault record. Walter Pritchard, Hamilton's brilliant distance runner, outdistanced Captain Aussicker of Union in lowering Hamilton's mile record, set by Thompson, '23, at 4 minutes 33.2 seconds, to 4 minutes, 22.7 seconds, which is also a new record for Union meets. The previous mile record at Union was set in 1928 at 4 minutes, 25.8 seconds by C. Sawtelle. Pritchard won the two mile run in easy fashion only 30 minutes after his gruelling duel with Union's ace.

Weather Conditions Good

George Kingsley, sophomore pole vaulter, tied the Hamilton vault mark of 11 feet, 6 inches set by Sheperd, '17, in winning the event at Schenectady. Lehman of Union took second place at 11 feet, 3 inches while Martin of Hamilton took third at 11 feet.

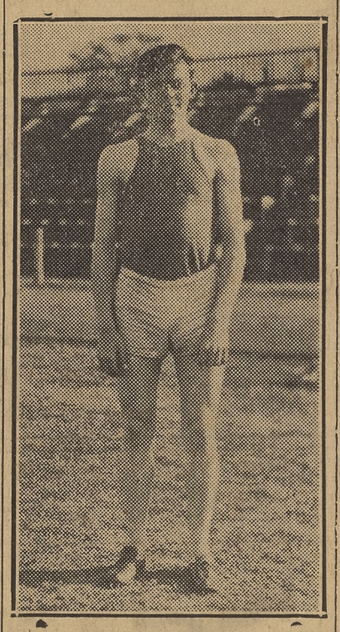
Weather conditions for the meet were perfect and the track was in excellent shape. Harris of Union started the Garnet scoring with a victory in the 100-yard dash, winning in 10.2 seconds. Ruland and Bellatty, Hamilton sophomores, were second and third respectively.

McCague Stars For Union

Union took nine first places in 14 events and garnered sufficient points elsewhere to gain a substantial lead over the visiting Hamilton team toward the end of the meet. The Buff & Blue squad gave the home outfit a good fight for its laurels throughout, the Hill team's poor showing in the hurdle events accounting for Union's wide margin of victory.

(Continued on Page Three)

Sets New Record



WALTER C. PRITCHARD, '32

PRITCHARD, '32, SETS NEW MARK

Hill Distance Star Lowers Thompson's Previous Mile Record

For two years, Walter Pritchard, '32, who Saturday established a new college record for the mile run, has been a mainstay on varsity cross-country, basketball, and track teams.

Pritchard has been threatening Hill distance records for the past two years, and at Union Saturday he realized his ambition of lowering the Hamilton mile record of 4 minutes, 33.2 seconds when he cut nearly eleven seconds from the previous record. He also set a new record for Union track meets, beating the previous mark of 4 minutes, 25.8 seconds set in 1928 by C. S. Sawtelle. The new mile record is 4 minutes, 22.7 seconds, one which will probably last for some time to come.

George Kingsley, a Hill sophomore, competing in his first year of intercollegiate track competition, Saturday tied the Hill pole vault record of 11 feet, 6 inches.

POLY SCI CLUB HEARS SPEAKER

Davenport Addresses Hill Men; Club Elects Officers

The final meeting of the Political Science Club, which was held at the Alpha Delt House last Wednesday evening, brought to the Hill Congressman Frederick M. Davenport, a resident of College Hill, and former Maynard Knox Professor of Law and Civil Polity at Hamilton. Several items of present interest in American political and national life were brought up and discussed.

The former part of the meeting was given over to brief talks by Mr. Davenport on several subjects of present vital importance. In discussing the unemployment situation, he reviewed the book "The Challenge of Communism to Capitalism," by Professor Dunham of Harvard.

(Continued on Page Three)

Tennis, Golf Teams To Play Tomorrow

With a tie and a defeat on its record thus far the Hill tennis players will meet Syracuse University tomorrow at Syracuse, while the golf team plays host to the strong Cornell outfit. Bannerman, '31; Mead, '33, and Dixon, '32, will be among the four to face the Ithacans with either Wettlaufer, '32, or Massoth, '33, filling the fourth position.

The tennis match with Syracuse, scheduled for last Friday, was cancellled on account of rain. Both teams are of about the same calibre as last year when the Hamiltonians defeated them twice by the score of 4-2. Colgate defeated the Syracusans, 8-1, earlier this season. Representing the Continentals in the match will probably be Boeve, '31; Kelsey, '32; Schleit, '33, and Young, '33.

Student Body Meets Tomorrow After Chapel

The delayed meeting of the Undergraduate Association will be held directly after Chapel tomorrow morning. Chapel will start at 10 minutes before 8 o'clock, and the meeting will continue until 8:30. This new plan was presented to the College body by L. G. Morris two weeks ago and was voted upon by the student body. Letters and numerals for basketball, hockey, and fencing will be awarded at that time.

A vote will be taken on an amendment to the hockey rules which reads: "To win an 'H' in hockey, a goalie must have participated in one-third of the games played." The present requirement is participation in one-half the games played.

The cup for the inter-fraternity basketball championship will be awarded to the Dekes, and the Alpha Delts will receive the emblem of the ski championship. Rayton and Hughes, first and second in the ski races, will be given medals.

Crade, '31, Undergoes Appendicitis Operation

As the fifth case of appendicitis among Hill students this semester, Isadore Crade, '31, was operated on by Dr. Douglas at the Faxton Hospital in Utica Thursday. Crade felt the first attack on Tuesday but his condition was improved Wednesday and Dr. Douglas did not decide that an operation was necessary until Thursday morning.

Crade will be at the Faxton hospital for several more weeks. He is expected to return to the Hill shortly before the semester exams.

MANAGERIAL SELECTIONS TO BE MADE

Executive Council Will Elect From Thirteen Remaining Competitors

With the approach of the athletic managership elections to be held Thursday evening, May 28th, the Executive Council wishes to bring to the attention of the undergraduate body the method of conducting these elections. The electoral system, as outlined in Article II, Section C, of the Constitution of the Undergraduate Association, printed in full in the Freshman Handbook, calls for a separate list of the candidates from each of the coaches and each of the managers. Each man lists the names of all the candidates for positions in the order of his preference.

These choices are sealed and submitted to the Secretary of the Undergraduate Association, who in turn refers them to the Executive Council, the body which makes the final election. These of the managerial possibilities of the candidates and to allow spective candidates and to allow them to vote intelligently. Each member of the Council, composed of 3 alumni, 3 representatives from the faculty, and three undergraduates, depending on all of the above-mentioned lists for guidance

(Continued on Page Three)

LEWIS, '32, GIVEN COUNCIL POSITION

Will Represent Hamilton In New York State Student Council For Next Year

At the New York State Student Council conference held in the Hendricks' Chapel, Syracuse University, Friday, Saturday, and Sunday, Clifford A. Lewis, '32, was appointed Hamilton's representative to the organization next year. The Council, which is under the auspices of the Y. M. C. A., includes eight colleges of this state.

John P. Guyton, '31, presided at the meeting last week. This meeting was an especially active one, many phases of college life being discussed with a view to improving present conditions. Social life, interfraternity relations, and religious problems were among the many problems discussed. Plans were inaugurated for the annual Co-educational Conference which is to be held next fall in conjunction with the various Y. W. C. A. organizations of New York State colleges.

CONTINENTALS DROP GAME TO CLARKSON, 12-6

Hard Hitting Features Clarkson's Play On Diamond

TEAM IMPROVED

Buff and Blue Makes But Two Errors; Infield Good

Although it showed its best form of the season, the Hamilton nine was defeated 12-6 by Clarkson Thursday, the heavy hitting Potsdam men being too much for the three Hill pitchers used. In spite of making seven errors they managed to pull ahead in the sixth inning and to increase their lead still more in the two final stanzas.

Altogether Clarkson got 14 hits, six of which were for extra bases, while Donald and Rohrer held the Buff and Blue to 5 scattered hits. Ollikainen and Eggleston did the best stick work for Hamilton, each hitting for the circuit.

Ollikainen Hits For Circuit

In the first inning no one except Ollikainen was able to get the ball out of the infield. He made a long drive to left center which went well up on the bank, and he had no difficulty in scoring on it.

Towner's double, followed by Zimber's hit to left field tied the score in the second at 1-1, but

KNOWLTON TALKS TO BIOLOGY CLUB

Syracuse University Faculty Member Addresses Last Meeting

"Within the past five years there have been over 20,000 advances made by students of medicine and none of these have been more important or interesting than those which concern endocrines," said Dr. Frank P. Knowlton, '96, speaking before the Biology Club at the home of Dr. Hess on Wednesday. Dr. Knowlton is a member of the faculty of the Syracuse University Medcial School and is thoroughly acquainted with these advances.

Dr. Knowlton prefaced his remarks with some of the illusions concerning endocrine glands which the medical profession had held previous to this century. He then outlined the major glands and stated the uses to which they were put in the body. His speech concerned the new uses which have been found for these glands and also to the means which have been discovered to extract the powerful hormones which the glands contain.

Upon the conclusion of his speech Dr. Knowlton answered questions and explained the methods used in the modern laboratories for the extraction of the hormones from the endocrines. Mrs. Hess served refreshments. This was the last meeting of the Biology Club for the year.

Freshmen—A. R. A. Meet Postponed

Due to inclement weather, the Freshmen—A. R. A. track meet, originally scheduled for Monday afternoon was postponed until this afternoon. The success of the meet depends upon the condition of the weather.

The Also-Ran-Association was founded by Coach Winters last year for those men who are members of the varsity team but do not place in intercollegiate meets. Many men of valuable experience and talent have found their way into this organization.

GOLF TOURNEY PLANNED FOR HILL ALUMNI

Will Be Held Commencement Week — Individual And Team Play

In an effort to enliven Commencement Week for returning graduates, plans are being made for an alumni golf tournament to be played on the Hill course. It is hoped to make the tournament an annual event, and Dr. Robert G. McGregor, '97, is offering a plaque upon which the names of the winners will be inscribed each year.

Individual winners of the tournament will be picked in two divisions on the basis of handicap low net and low gross scores. Classes will also compete against one another, and the year of the winning class team will be placed on the plaque along wtih the winners of two individual events.

Large Turnout Desired

It is preferable that class teams consist of four players, but as few as two or as many as 10 may compete and the low medal scores, without handicap, of all the members of the team will be averaged as the score of the class. The manner in which the handicaps for the individual players will be determined has not yet been decided, but it is possible that home club ratings, even though they will un-

(Continued on Page Three)

PLAY IN FRATERNITY MUSHBALL ADVANCES

Thursday's Games To Decide Finalists; Emersonians, D. U.'s, Tekes, Chi Bete's Favored

Although rain and wet grounds have forced the postponement of three scheduled games, most of the teams in the interfraternity mushball league have completed the second round, and will enter the final preliminary round Thursday.

The D. U. aggregation is leading the A division by virtue of victories over the Theta Delts, 18-1 ,and Decagon, 12-3, and will meet the Alpha Delts tomorrow.

In the C group the T. K. E. nine is tied for the lead with the Chi Betes, both teams having won their only two starts. The Tekes took over the Lambda Chi's, 11-1, and the Neutrals, 13-7, while the Chi Betes squeezed out narrow victories over the Neutrals, 12-11, and the Lambda Chi's, 16-15.

In the B division the E. L. S. team is leading, having defeated the Dekes, 7-5, and the Chi Psi nine, 10-6, coming from behind in the late innings to win by a strong batting attack.

SPRING PARTY PREPARATIONS COMPLETED; HILL STUDENTS PLAN EXTENSIVE PROGRAMS

Baseball and Track with Rochester Feature Sports Bill; Honorary Societies To Hold Dances

Demanding the undivided attention of Hill students, the annual spring House Party festivities will start Friday afternoon with a baseball game with Rochester and a golf match with Cornell.

The program for the week will also include a choir concert in the Chapel on Friday evening and a track meet with Rochester on Saturday afternoon. All fraternity houses will hold open dances on Friday evening and closed parties on Saturday night.

The "Royal Gaboon" will also make its final appearance of the school year in an elaborate House Party issue, and Was Los, the junior honorary group, and D. T., sophomore society, will hold tea dances on Saturday afternoon following the track meet, the former at Alpha Delta Phi Hall and the latter at Sigma Phi Place.

This will mark the first House Party week-end in several years at which all spring sport teams have been scheduled to play at home — the baseball, golf and track teams all entertaining opposing squads either on Friday or Saturday.

While many houses are planning nothing unusual in their closed dances Saturday night, Delta Upsilon takes the novelty lead in affecting an Hawaiian atmosphere, with music to be furnished by the Four Hawaiians, well-known radio and vaudeville artists and entertainers.

A list of guests and orchestras follows:

Sigma Phi: Esther McLeod, Buffalo; Sally O'Brian, Smith; Jean Reineman, Buffalo; Teresa French, ,Canton, Mass.; Annette Rogers, Clinton; Mary Cody, Knox School; Betty Hyde, Sarah Lawrence; Dorothy Anne Crowell, Columbus, Ga.; Emily Beebe, Vassar; Loma Moyer, Niagara Falls; Barbara Dold, Buffalo.

Directs Choir

PROF. PAUL A. FANCHER

CHOIR TO SING ON HILL FRIDAY

Musical Organization To Give Concert On First Night of House Party

As one of the features of the House Party attractions, the Hamilton College Choir, under the direction of Professor Paul A. Fancher, will present a concert in the Chapel Friday evening at 9 o'clock. This will give an opportunity to the undergraduates and their guests to hear several of the numbers sung on the musical organization's spring trip, in addition to several other famous numbers.

The entire program consists of several favorites which the Choir has used before and some pieces sung for the first time this year. "Zion Hort die Wachter Singen" and "Hospodi Pomilu" are among the former, while "Lob Gottes" and Wagner's "Chor der Pilger" from "Tanhauser" fall under the latter classification. The last group on the program consists entirely of Negro Spirituals which proved very popular on the New York trip.

Members of the faculty and of the Board of Trustees and their families are invited to attend as well as the undergraduates.

New Rule Regarding Party Guests Effective

The rule passed some time ago by the Interfraternity Council regulating the traveling of House Party guests becomes effective at the parties this week-end. This will be the first time that any serious attempt has been made to exclude uninvited guests.

Provisions have been made for giving alumni special cards which will admit them to any house during the Friday night dances. A maximum of five guest cards will also be allowed each fraternity for the use of invited friends of the members.

These rules are designed to prevent outsiders from taking advantage of the open dances and also to keep fraternity members from other colleges in their own houses.

Violation of these rules will result in the denial of the privilege of traveling to all the members of the fraternity or fraternities involved at the following House Party.

UPPER CLASSES PRESENT PLAYS

Competition In Interclass Plays Begun Friday; Others Wednesday

Competition in the inter-class plays started Friday night when the juniors and seniors presented two one act plays in the Hall of Commons. Both classes made strong bids for the Charlatan trophy with their respective productions. No decision was rendered by the judges, but the final decision will be given after the freshmen and sophomores present their plays. The class of 1931 offered "The Three Lepers", a play which deals with the thoughts concerning life and death as seen from the eyes of beggars. John H. Jones, Charles S. Symonds, and David P. Fairchild took roles in this production.

The juniors offered a melodrama, "The Hand of Siva." The ac-

(Continued on Page Three)

Amherst Defeats Hill Golf Team

The Amherst golf team repeated its 1930, 6-0, victory over the Hamilton links outfit at South Hadley, Mass., Saturday afternoon. The Hamilton foursome dropped all six matches over the Orchard Golf Club Course after giving the Amherst golfers good opposition all the way through.

Captain Bannerman of Hamilton lost his match to Lincoln, 1 down in 19 holes. John Mead, Hamilton, was defeated by Trainor of Amherst, 2 down and 1 to play. The Hamilton combination of Bannerman and Mead lost its best ball match to Lincoln and Trainor, one down in 19 holes.

Cooper defeated Dixon of Hamilton, 2 up and 1 to play in eighteen holes while Wettlaufer of Hamilton was defeated by Fort of Amherst, 4 down and 3 to go. Dixon and Wettlaufer lost their best ball match to the Amherst pair, 4 and 3.

Bishop Fiske, '22, Makes Plea for Christianization of American Social Order Before Annual Diocesan Convention in Syracuse

"The present order must be Christianized or it is doomed," asserted the Rt. Rev. Charles Fiske, D. D., '22, bishop of the Diocese of Central New York, speaking at the annual Diocesan Convention at Syracuse last Tuesday. He suggested the appointment of a committee to study unemployment and industrial problems wtih a view towards laying out a course to bring order out of the present chaotic conditions.

He also attacked, with an equal fearlessness, the present condition of prohibition and advocated a national referendum to be supported by the Episcopal conference. He declaimed against the sidestepping of issues which permits a law to remain unenforced and results in corruption, lawlessness, and crime.

Action On Prohibition Lacking

Poking fun at the business men who advocate "high-powered salesmanship," he appealed to the Christians of America to unite against the evils of the whole social order. "If there was ever an opportunity for Christians to carry a moral dynamic force into public life, it is before them now," he stated.

Bishop Fiske exposed the low morals of Americans in general and the disorder which has been the outcome, Concerning the Eighteenth Amendment he said: "We have spent years in talk "We have spent years in talk about it and have fought shy of action . Representatives in Congress do not know what their constituents want. Nothing is done. Corruption follows.

Church Should Act

"But why, again, should not the church act? The present order must be Christianized or it is doomed! The church's influence must be exerted in the solving of all the problems of the day. An effort must be made to learn the opinions and convictions of the people and that can only be done by a nation-wide referendum."

Rev. Fiske suggested that the National Episcopal convention be the organization to institute such a referendum and over-ruled all objections which the national convention might have to such a logical solution of the question.

On the following day he engaged in an impromptu debate with Judge George T. Davis of Rome on this prohibition resolution. The judge claimed that the clergy and the laity should refrain from drinking cocktails as a step towards eliminating the liquor question. Bishop Fiske reiterated that there was too much "sidestepping" and that the situation has to be clarified and rectified.

WEDNESDAY, MAY 13, 1931

SUPPORT THE BAND

Last fall the undergraduates greeted the new College Band with an enthusiasm betokening their whole-hearted approval and appreciation for an organization fulfilling, as does the band, a long felt want. For the first time in years neither the quality nor the quantity of the music from the Hamilton side of the field at the Union game was criticized. Throughout the football season, in fact, the student body was generous in its praise of the organization. However coincident with the conclusion of the football season came the cessation of praise for the band. Apparently the organization had outlived its usefulness in the eyes of the student body for the year and was destined to receive no further attention until the opening of a new football season.

Activity throughout the year was necessary, however, to maintain the interest of the band members themselves and to provide an incentive for the holding of regular practice, and the band continued to play at contests on the Hill during the winter sport season.

In spite of the fact that the attitude of the undergraduates since the close of the football season has changed from praise to ridicule, the members of the band have attempted to ignore the jibes of their fellows and have maintained a schedule of regular practices. With but little opportunity to take an active participation in college activities during the spring, the group took affairs into its own hands and conducted a recital in the Hall of Commons Wednesday evening. On this occasion the undergraduates rewarded the band for its efforts with the most flagrant exhibition of disinterest they have yet shown. Less than forty members of the student body were present.

At the present time the band is composed largely of freshmen, and additions from next year's entering class should almost double the size of the organization. As the number of men competing for positions increases, the group cannot fail to show steady improvement and in time to reach the standard of excellence the student body seems to expect during its very first year of existence.

However criticism must cease and support increase to assure the continuance and improvement of the organization. No matter how enthusiastic the members of the band may be, they will not continue to practice week after week in the face of an attitude on the part of the undergraduates that amounts almost to opposition. There must be no recurrence of the situation Wednesday when the audience barely equalled the band in numbers, or the next Union game will probably witness the return of the customary hired band.

COLLEGIANA

If I Were a Professor

(From a Letter to the Editor of the "Daily Nebraskan")

"If I were a professor, and how many students have not pictured themselves in that position, I think I would take a great advantage of this time of the year to add quality to my teaching.

I would wonder if my time and efforts were appreciated, if my courses were popular and how I could make them more constructive. I would wonder what personal characteristics, the students liked or disliked. In all, I would like to know what the result would be if I should follow the slang phrase of "Go take a vote on yourself."

* * * *

Epidermomycosis Hard Hit

To further research on the prevention and cure of a recently recognized foot disease that is wide-spread throughout the United States, popularly known as "athlete's foot," the executive committee of the associated students of the University of California has voted $150. The appropriation will be spent on research not only upon the problem as it exists here, but at golf clubs, athletic clubs and gymnasiums in general.—(University Southern California Daily Trojan).

* * * *

A New Kind of Brain Food

It has been alleged that one oyster cracker or half of a salted peanut will supply all the extra fuel the body needs for an hour's continuous thinking. If this be true, then cracker and peanut filling stations should be established all over this land of the free or, better still, a law should be passed making it a crime to indulge in such nutriment and we will become soon the greatest consumers of these comestibles and consequently the "thinkingest" college in the United States. — (University of Maryland "Terrapin.").

ALUMNI NOTES

Lynn M. Case of Utica, who graduated with the class of 1925, has spent the last two years as a graduate student and fellow in history at the University of Pennsylvania, and is now professor of history in Rice Institute, Houston, Texas. Mr. Case is also completing his thesis for the degree of Doctor of Philosophy to be conferred upon him by the University of Pennsylvania. In order to secure material for this work, he spent the summer in Europe accompanied by his wife, doing research work in the libraries there.

Darwin Pickard, '27, was graduated recently from Pace Institute, having completed a three-year course in accountancy and business administration. Out of a class of 318, Pickard was second in rank with an average in his final examinations of 94.6.

FRESHMEN WIN U. F. A. DEBATE

Unanimous Decision Given Hill Team in Annual Forensic Meet

Debating the question, "Resolved, That the principles of the Soviet regime are for the best interests of the Russian people," Hamilton's freshman team defeated Utica Free Academy at Utica by an unanimous vote, Thursday evening. The Hill team, which upheld the affirmative side of this question, was composed of Walter Moore, Howard White, William Noon, and Harry Donley, alternate. The debaters for the Academy were Richard Meeker, William Robinson, Peter Imhoff, and Dennis Lividas, alternate.

As first speaker for the affirmative, Moore described the conditions in pre-revolutionary Russia and those existing in that country at the present time. "Admittedly Russia has not achieved a perfect government, but she has certainly advanced beyond the tyranny of the czarist regime. Her present dictatorship does not rise to our western ideal of freedom, but it is the only logical political system that can successfully govern such an illiterate and down-trodden race."

Discusses Religion and Society

Speaking second for Hamilton, White discussed the religious and social situation in Russia. "People in the United States are naturally prejudiced against Russia, and this same warped judgment is carefully satisfied by highly exaggerated newspaper articles. Russia is in many respects more moral than the United States."

As third speaker for the affirmative Noon treated the Russian economic question. He stated that the Five-Year Plan was an heroic effort to achieve in four or five years an economic prosperity that it had taken other nations a half century to reach.

The Academy team argued that Russia's safety was endangered by her policy of world revolution. They further stated that her government was not representative and exercised a tyranny comparative to that of the czars . Regarding the religious and social question they believed Russia to be doomed through her attempt to end family life.

The debaters on both teams spoke in rebuttal. The Hamilton freshmen were coached by Professor Willard B. Marsh. P. J. Mooney presided and Jay H. Brown and Glen Steele of Utica were the judges.

Guyton, '31, Leads Astronomy Study

A subject long since dropped from the roster of Hamilton College was temporarily revived by John P. Guyton, '31, former scouting director at Camp Russell, who revealed some of the mysteries of astronomy Monday night. The roof of the First National Bank and Trust Company, the highest building in Utica, was the observatory, and Guyton's pupils were scoutmasters and assistants. The study was made by aid of a telescope put up for the purpose.

JOHN C. REDMOND, '28, FORMULATES PROCESS

Hill Graduate Finds New Method For Determination of Magnesium

A new process, by which the determination of magnesium in Portland cement and similar materials is considerably speeded up, has been formulated in the Bureau of Standards, U. S. Department of Commerce, by John C. Redmond, '28, in cooperation with H. A. Bright of the Bureau. Mr. Redmond has written a paper on this new process which appeared first in the Bureau of Standards Journal of Research, Volume six, January, 1931.

Mr. Redmond has found a use for 8-hydroxyquinoline in the magnesium determination process. This method has been found to be much more rapid than the standard phosphate method heretofore generally used.

During his four years at Hamilton, Redmond was prominent in many fields of activity, being a star sabre man in fencing as well as a letterman in football. He is a member of the Delta Kappa Epsilon fraternity.

The Calendar

Wednesday
Geology 2 Field Trip.
Thursday
Tennis with Syracuse at Syracuse.
Choir rehearsal at 7:45 o'clock.
Friday
Baseball with Rochester at Clinton.
Golf with Cornell at Clinton.
Choir concert in the Chapel at 9:00 o'clock.
Saturday
Track meet with Rochester at Clinton.
Sunday
Chapel preacher, Rev. Allan Knight Chalmers, New York, N. Y.
Monday
Baseball with St. Lawrence at Canton.
Tennis with St. Lawrence at Clinton.
Tuesday
Baseball with Clarkson at Potsdam.
Wednesday
Final date for submission of 1931-1932 electives.

CLARKSON WINS OVER BUFF AND BLUE NINE

(Continued on Page Two)

two errors, a passed ball, and hits by Douglas and Stevens combined to tally Rienzo and Fay, and to give the Buff and Blue a two-run edge.

Clarkson evened it up again in the third, however ,when Brett walked and Steeves hit what seemed to be a single to center field. The ball bounced over Scarpitto's head, and both men scored.

Eggleston Gets Home Run

The first of the fifth saw the visitors take the lead for the first time. Bevilacque reached first on Ollikainen's error, Manning got a single to left, and Zimber walked, filling the bases. Forbes hit a fly over Ollikainen's head. Bevilacque scored, Zimber went to second, but Manning held his base until after the ball was recovered, when he started for third, thinking he was forced. Umpire Mahoney called Forbes out on the infield fly rule, and Manning was easily caught going to third.

Eggleston's home run with two men on brought Hamilton into the lead again, but this ended the scoring for the Buff & Blue. Three doubles and a walk scored three runs for Clarkson in the sixth, a single and a home run scored two more in the eighth, and two walks, a balk, and two singles in the ninth brought in the last three, making the total 12-6.

Double play, Ollikainen to Eggleston. Passed ball—Zimber. Hit by pitcher—By Harvey (Steeves). Balk—Ollikainen. Winning pitcher—Donald. Losing pitcher—Harvey. Umpire—Mahoney. Time of game: 2:55.

Herbert D. Rathbun, '26, was recently graduated from Pace Institute in New York City, having completed a course in accountancy and business administration. He received above 90 in his final examinations, which covered three years of work, and gained honorable mention in his course.

PASTOR HEARD AT CONFERENCE

Dr. W. P. Merrill Addresses Supper Group at Alpha Delt House

Rev. Dr. William P. Merrill, for 40 years pastor of the Brick Presbyterian Church in New York City, talked to a group of 22 students at the supper conference held Monday evening at the Alpha Delta Phi House, presenting his subject, "The Church and the Ministry Today." in an entertainnig and informal manner.

Touching briefly on many sides of the ministry, he expressed the need for more capable men in the field, and the progress the church has made in its relations with social movements and scientific thinking. He especially emphasized the qualifications which he thinks necessary for true success in his profession.

Dr. Merrill stated that a clergyman must primarily be interested in people, and that this interest should embrace every field of human endeavor rather than confine itself to one particular subject of interest. Dr. Merrill also said that a minister should enjoy what he termed a "religious experience."

"A religious experience," he said, "is a conviction that things more closely resemble the human soul than anything else. A religious experience is more like falling in love than anything I can think of."

After his address, Dr. Merrill discussed at some length the various questions brought up by those present. His audience included not only members of the Religious Discussion Group, but other students interested in the developments of the modern church.

Geology Professors Visit Hill Museum

Joseph T. Singewald, Jr., Professor of Economic Geology at Johns Hopkins University and his brother, J. T. Singewald, Assistant Professor of Economic Geology at the University of Rochester visited the College last week. Dr. Dale acted as their host, showing them around the Biology-Geology Building and taking them on an inspection trip to the Clinton iron mines. They spoke very highly of the Geology museum.

These two professors came to the College along with 10 graduate students from Johns Hopkins and two from the University of Rochester. Hamilton was the last stop of a two-week geology trip. They left Baltimore about a fortnight ago and went to Franklin Furnace, N. J., where they inspected the lead mines. Then they came up into New York State, going into the Lake Champlain district. The inspection of the iron mines at Minesville was one of the features of their stay in that section. Their next move was to come to this side of the Adirondack Mountains where they made a trip through the Edwards zinc mines. From there they came south and visited the College as their last stop. The trip that they took to the Clinton Iron Mnies was virtually the same as that taken by the Geology 1 classes.

ARTS CLUB HOLDS ANNUAL ELECTIONS

Sloane, Eames, To Head Organization; Discussion of "Laokoon" Follows Elections

At the final meeting of the Art's Club at the Sigma Phi Place Sunday, William Sloane, '32, was elected president and N. Morey Eames, '32, secretary-treasurer for next year.

The election of offciers was followed by a discussion on Lessing's "Laokoon." This discussion was held more or less in the form of an open forum . Sloane read a paper on the subject, the material of which was discussed. "The "Laokoon," according to Sloane, is merely a fragment—it was published as the first of three parts of a compendious work which was to include discussions on all of the fine arts. It deals with the respective limits of painting and poetry—beyond these neither one the arts was supposed to go. In addition to this the "Laokoon" tries to define poetry and painting and to differentiate between the two.

The annual dinner of the New England Association of Hamilton alumni will be held at the University Club, Boston, tomorrow evening at 6:30 p. m.

CARPE DIEM

Carpe's Weekly Motto!
"Beware of Unripe Fruit"

Carpe submits its contribution to the "dumbest freshman contest." The young gentleman whose name is being with-held for political reasons remarked after seeing the Junior and Senior class plays; "The play was all right but I couldn't see any connection between the two acts."

Dusty Davis told two scotch jokes in one evening. His conscience hurts him, and he wishes to apologize to Scotland through Carpe.

The same celebrity, when asked if he could play golf, said, "I don't know how well I can play. I have never been on a golf field."

WHY WE TURN GRAY

Heard on the Hill campus.

A. "Some rain! Do you think that it will stop?"

B. "It always has."

X. (To one of the boys going out to play golf in a rain storm.) "Going swimming?"

Y. "Well, I thought that I would take a few strokes."

Twice a year Carpe is flooded with letters, and since Carpe believes in the PATIENT helpful spirit, we are printing a typical letter from among our thousands.

Easy Street (South Side)
Utica, New York
May 11, 1931

Dear Mr. C. Diem:

My goil friend told me that you boys at Hamilton kere goin to have some house parties next week end, and I woud sorta like to go. I am not a collich goil, but I used to wait on table at the University Club, and I sorta got that refined way about me. I now a guy which lives at the Phi Betta Kappar house so I would feel homely anyway.

My mother says that I am no slouch at looks. I am 4 feet seven inches in tall, but I always wear high heels. I know you aint go so much money this year, but my father could bring me out in his car. It gets into Clinton at six o'clock. Ma said I could wear the dress she got married in so you won't hafta be ashamed of me. I wait in hopliness.

Yours inserely
Ima Hitype.

P. S. If you haven't got many cigarttts I can chew gum.

UNION DEFEATS HILL RUNNERS

(Continued From Page One)

McCague, with victories in the 220 and 440-yard dashes, was Union's most brilliant individual. He took the 220 in 22.4 seconds with Harris of Union second and Ruland of Hamilton and Sullivan of Union tied for third. McCague then ran an exceptionally fast quarter mile, covering the distance in 50.6 seconds. Denman and Bellatty, Hamilton 440 men, ran their best times to date, Denman taking second at 51.6 seconds with Bellatty third at 51.8.

The record-breaking mile run was probably the most exciting event of the afternoon. Pritchard stayed a pace behind Aussicker for three laps and more, and then stepped out with the finish in sight to outdistance the Union leader by a fair margin and set a new meet record for both teams. Aussicker added a victory in the 880 to his good performance in the mile, running the two laps in 2 minutes, 9 seconds with Rawson and Campbell second and third respectively.

Hamilton's places in the distance runs were gained by Pritchard, with two firsts; Campbell, with a third in the mile, and Bliss with a third in the two mile.

The Buff and Blue team failed to place in only one event, the 220 yard low hurdles race, which was won by Cohn of Union in 26.7 seconds. The Buff and Blue won three field events, however, splitting even in first places with Union. Maynard Jones, with a heave of 39 feet, 5 1-4 inches, won the shot put. Ayres was third with Stark of Union in second place. Johnson's discus throw of 115 feet, 4 inches won that event for Union. Stark and Ayres were next in line in this event also.

C. Symonds turned in his second consecutive javelin victory of the season, taking first place with a throw of 154 feet, 9 inches. Lehman, Union was second with Eames of Hamilton third.

Gordon Fisher, veteran Hamilton hurdler, who was thought to have been disabled for the season, came back into competition and gained a third place in the high hurdles, which went to Irish of Union with a time of 17.1 seconds.

Summary follows:

Track Events

100-yard dash—Won by Harris, Union; second, Ruland, Hamilton; third, Bellatty, Hamilton. Time—10.2 seconds.

220-yard dash—Won by McCague, Union; second, Harris, Union; third, tied by Sullivan, Union and Ruland, Hamilton. Time—22.4 seconds.

440-yard run—Won by McCague, Union; second, Denman, Hamilton; third, Bellaty, Hamilton. Time—50.6 seconds.

880-yard run—Won by Aussicker, Union; second, Rawson, Hamilton; third, Campbell, Hamilton. Time—2 minutes, .9 seconds.

One-mile run—Won by Pritchard, Hamilton; second, Aussicker, Union; third, Campbell, Hamilton. Time—4 minutes, 22.7 seconds (Breaks old Hamilton record of 4 minutes, 33.2 seconds made by Thompson, '23).

Two-mile run—Won by Pritchard, Hamilton; second, Holleran, Union; third, Bliss, Hamilton. Time—10 minutes, 11 seconds.

120-yard high hurdles—Won by Pritchard, Hamilton; second, Hollerand, Union; third, Bliss, Hamilton. Time—10 minutes, 11 seconds.

220-yard low hurdles—Won by Cohn, Union; second, Irish, Union; third, Miller, Union. Time—26.7 seconds. **Field Events**

Running high jump—Savage, Union tied with Cohn, Union, for first (5 feet, 8 inches); Jayne, Hamilton, tied with Stark, Union, for third, 5 feet, 6 inches.)

Running broad jump—Won by Lehman, Union (21 feet, 3 inches); Puglisi, Hamilton, second (20 feet, 4 inches); Savage, Union, third (20 feet, 2.5 inches).

Pole vault—Won by Kingsley, Hamilton (11 feet, 6 inches, tieing Hamilton record made by Sheperd, '17); Lehman, Union, second (11 feet, 3 inches); Martin, Hamilton, third (11 feet).

Shot put—Won by Jones, Hamilton (39 feet 5 1-2 inches); Stark, Union, second; Ayres, Hamilton, third.

Discus—Won by Johnson, Union (115 feet, 4 inches); Stark, Union, second; Ayres, Hamilton, third.

Javelin—Won by C. Symonds, Hamilton (154 feet, 9 inches); Lehman, Union, second (153 feet) Eames, Hamilton, third, (144 feet, 3 inches).

TWO UPPER CLASSES PRESENT PRIZE PLAYS

(Continued From Page One)

tion revolved about the apprehension of a German spy who operated among the ritish colonial troops. The four characters were: John Walsh, Clifford Lewis, Robert Burnett, and Maynard Jones.

The judges were Professors Paul A. Fancher and Robert B. Rudd, and Mox A. Weber of the athletic department. Their decision will be reserved until after the presentation of the under-class plays which are scheduled for Wednesday night, when the sophomores will offer, "The Jest of Hahalaha." The freshmen will present, "When the Ship Goes Down."

DAVENPORT SPEAKS TO POLI SCI CLUB

(Continued From Page One)

The granting of the Soldiers' Bonus was considered by Mr. Davenport to be of equal significance. As a member of the Ways and Means Committee through which the bill passed on its way to becoming a law, he gave much "inside" information and facts concerning the measure not usually known.

Following the meeting the annual election of officers took place, and resulted in the choice of John J. Walsh, '32, for president and Donald M. Cunningham, '32, for vice-president for the coming year.

COLLEGE BAND GIVES CONCERT

R. J. Redmond, '33, Leads Group In Second Recital of Year

The Hamilton College and, under the leadership of Richard J. Redmond, '33, was heard in its second concert of the year Monday evening in the Hall of Commons before a small audience. The program consisted of four marches, three solo numbers, a medley of Sullivan's operatic gems, and one of Waldteufel's famous waltzes.

John F. Hoffman, '34, trumpeter, was heard as soloist with the band. He played "Souvenir de lla Suisse", and "Lassie o' Mine", the latter as an encore.

The two trombonists, Addison J. Smith, '33 and William J. Mackensen, '34, were featured in the number, "Mr. Trombonology", a characteristic trombone duet.

At the conclusion of the program, "On Wisconsin," the march number which was so favorably received at the last concert, was repeated. This march was written by William Purdy, '06. The concert ended with "Carissima".

The same program was heard last night over Radio Station WIBX, Utica, from 9:15 p. m. until 10:15 p. m.

THE PROGRAM

Regimental Band March — Chas. C. Sweeley
The Skaters (Waltz) — E. Waldteufel
Trumpet Solo, "Souvenir de la Suisse" — A. Liberati
John F. Hoffman, '34
Glorification March — George Rosenkrans
Mr. Trombology — N. C. Davis
March Memoria — R. F. Seitz
In Honor Bound, March — W. H. Kiefer
Sullivan's Operatic Gems — Arr. by J. S. Seredy

COUNCIL TO SELECT ASSISTANT MANAGERS

(Continued From Page One)

but probably placing greatest weight upon the choices of the coaches, proceeds to make out his preferential list of the candidates. These nine lists are tabulated and sports assigned to the successful men.

Prior to the election each scrub manager submits a list indicating his preference of the various sports. The candidate receiving first place is awarded the managership of his first choice, the winner of second place is granted his first choice of the remaining sports, and so on until all the positions have been filled.

This year for the first time the assistant managers as well as the managers and coaches will submit preferential lists, as it is believed that by work in interclass sports, and by assigning the competitors their duties for each athletic event, the assistant managers come into most direct contact with the scrub managers during the year and are able to judge better than the senior managers the calibre of work done by each candidate.

The following men have completed the competition held during the past year: De LaFleur, R. Harvey, Holden, Hollinshead, Lamont, Marquardt, Morrill, Nichols, Parsons, Redmond, Reed, Toaz, and Vickery.

PLAN GOLF TOURNEY FOR HILL ALUMNI

(Continued From Page One)

doubtedly prove too generous for the short Hamilton course, will be used. No time will be set for any of the events and the alumni may play whenever free from their other activities. All events will consist of regulation 18-hole matches.

A large turnout is desired this year in order to establish the tournament as an annual event, and all alumni wishing to compete should communicate with one of the three members of the committee, Sherill Sherman, Wallace B. Johnson, and Albert I. Prettyman. Mr. Johnson may be reached at the Treasurer's Office, Hamilton College, Clinton, N. Y.

Baseball Team To Play Three Games

The baseball team faces a strenuous schedule for the next week, being scheduled to play three games, two on successive days. Friday Rochester will meet the Buff and Blue nine on the Hill for one of the athletic events of House Party week-end, and the squad will oppose St. Lawrence Monday and Clarkson Tuesday on a strenuous two-day tour.

Rochester has already defeated the Hill nine, 6-3, in a five-inning game, while Clarkson won out, 12-6, Thursday by means of last inning rallies. The St. Lawrence game, scheduled for Tuesday was canceled because of rain. The only game the Larries have played so far resulted in a 4-0 win for St. Michael's.

Indications are that there will be a change in the Hamilton outfield, which will probably consist of Harvey, left; Crowell, center; and Scarpitto, right. Special training rules require those making the trip to retire at 2 Friday night and 12 Saturday.

TRACK TEAM TO MEET ROCHESTER SATURDAY

Buff and Blue Has Edge in Feature Athletic Event Of House Party Week-End

The Hamilton track team will meet the Rochester runners in a dual meet on Steuben Field Saturday afternoon as the feature event of the Spring House Party week-end athletic program. The Buff and Blue has already defeated the Rochester men in an indoor meet this season, 67-55, but an improved Rochester team, which nosed out St. Lawrence, 67-64, on Saturday, is sure to give the Hill team a stern battle.

Pritchard, '32, who ran the mile in 4:22.7 to set a new record at Union last week, will probably smash the Hamilton track record Saturday, if at all pressed. An improvement in the Hamilton field events was particularly noticeable in the Union meet last week, and should enable the Buff and Blue to give a better account of itself in this division Saturday than in the R. P. I. meet.

A comparison of the Rochester-St. Lawrence results with those of the Union meet gives the Hill team a decided advantage which cannot be overlooked, although a rapidly improving Yellowjacket squad may be counted upon to cause plenty of trouble.

Hosmer Will Edit 1933 "Hamiltonian"

The editors of the 1933 Hamiltonian have been selected by Edward V. Gross, editor-in-chief of the 1932 year book, and were approved this morning by Pi Delta Epsilon and the present Hamiltonian board. Howard C. Hosmer, '33, has been chosen for editor-in-chief of the 1933 annual and Henry H. Work, Jr., '33, will be managing editor.

The new editors have chosen their staff, which will include Robert A. Haak, organization editor; Gordon C. Vickery, junior scribe; Clarence R. Vosburgh, athletic editor and Robert Lamont and Kenneth M. Bremer, photographic managers. While as yet the art editors and feature editors have not been selected, it is expected that several men from the class will collaborate in fulfilling these duties.

Handbook Editor Appoints Staff

Appointments to the staff of the Freshman Handbook have been made by Jack W. Hummer, '32, editor-in-chief, who gained his position by winning third place in the Hamilton **Life** editorship competition. The men are now working on the book and expect to complete it before Commencement.

William A. Woodcock was chosen managing-editor with the following as associate-editors: William Sloane, Jr., Newton E. White, John H. Mangan, Jr., Donald M. Cunningham, Benjamin J. Stone, William R. Broughton, Clifford A. Lewis, Edmund A. Merriam, Jr., and C. Ingals Fisher, all, '32.

THIRTEEN FRESHMEN ARE TAPPED BY D. T.

Neophytes Chosen Because Of Active Interest In Campus Affairs; Burke President

Thirteen freshmen, prominent in extra-curricular activities during the past year, were tapped for membership in D. T., the sophomore honorary society, Thursday morning after Chapel. Coleman Burke was elected president of the new group.

The neophytes are: Coleman Burke, of the Chi Psi fraternity; George G. Collins, Psi Upsilon; Duncan Edwards, Jr., Alpha Delta Phi; John N. Embler, Delta Kappa Epsilon; Jarret H. Folley, Theta Delta Chi; Wesley D. Hamilton, Alpha Delta Phi; Henry W. Harding, Chi Psi; Daniel G. Kennedy, Theta Delta Chi; Ralph C. Martin, Delta Upsilon; William S. McGee, Emerson Literary Society; Benjamin C. Mead, Delta Kappa Epsilon; Andrew J. Scobie, Sigma Phi; and J. L. Gorham Smith, Chi Psi.

SPORTS COMMENT

The excellent showing made by the track team at Union Saturday makes it seem as though it should retain the Conference championship. As pointed out last week, Alfred has a strong team, but the Rochester men, though apparently not strong to be contenders for the title, will take many points away from Alfred in Hamilton's weak events.

* * *

Pritchard showed himself to be capable of almost anything by cutting off 11 seconds from his best previous time in the mile and then returning 30 minutes later to win the two-mile without extending himself.

* * *

The hard-hitting, fast-fielding Union baseball team had little trouble in taking C. C. N. Y.'s measure, 10-1. It is hard to see how Rochester defeated this team, 3-0, unless there have been radical changes since that game.

* * *

Penn's mile relay team is to get another crack at the world's record before the season closes. The plan is to invite the teams from Harvard, Syracuse, and possibly Ohio State for a special race on Alumni Day. We would advise them against inviting the Stanford team, for fear that they might be forcing a better team to slash the record they covet. The Stanford quartet has done almost three seconds better than the best Penn has offered.

SPRING PARTY PLANS ARE COMPLETED

(Continued From Page One)

Alpha Delta Phi: Faith Ralph, Wellesley; Gwendolyn Miller, Tarrytown ;Winnie Castle, Vassar; Sue Knapp, Greenwich; Marion Hughes, Harcum School; Marion Nichols, New Haven; Norna McNab, Vassar; Elida Griffin, Vassar; Jane Chapple, Huntington; Esther Marie Fielding, Syracuse; Mrs. James W. Moore, Clinton; Louise Moulton, Bridgeport; Fran Hall, Vassar; Marney Williams, Vassar; Ruth Sharpe, Smith; Gale Atherton, Glens Falls; Josephine Williams, Vassar; Grace Fowler, Vassar.

Y.; Edith Kendrick, Boston; Emily Wilbur, Buffalo; Alice Barnes, Baltimore; Mildred Phillips, Utica.

Chaperones — Mrs. Nina Lewis, Mr. and Mrs. Charles H. Krueger.

Orchestra—Jimmie Jay's Orange Collegians.

Hamilton To Send Six On Rocks Trip

Hamilton College is sending a group of six to the 1931 Field Meeting of the New York State Geology Association, which will be held Friday and Saturday . Delegations from Mount Holyoke, R. P. I., Union, Vassar, Buffalo, Rochester, New Hampshire, Barnard, Cornell, Lafayette, Columbia, Vermont and Elmira will meet at Port Henry on Lake Champlain at that time. The Association has chosen the Lee House in Port Henry as its headquarters for this meeting.

On Friday the entire group will take a trip through that part of the Lake Champlain section, under the leadership of Dr. R. Ruedemann, the state paleontologist. Along the trip Dr. Dale and Mr. Hartnagel will discuss the glacial and physical features of the locality. After dinner there will be a business meeting and Dr. Ruedemann will speak of the lower Ordovician strata.

Saturday will be taken up with a study of the lower Paleozoic and the pre-Cambrian igneous rocks. Dr. D. H. Newland and Dr. H. Reis will act as leaders for this.

Patton Addresses Utica Churchmen

Professor Lester Patton, addressing the Men's Club of Plymouth Church in Utica Friday night on the topic, "The Business Cycle", pointed out that outlawry of war, prevention of speculation through the influence of the Federal Reserve System, unemployment insurance, and a government program of public works are the best means of preventing future depressions.

Neglect of the Federal Reserve System to curb the country's speculation jag, the natural reaction to the post-war inflation period, and the shortage of gold were cited as the principal causes of the present depression. Professor Patton stated that it would be some time before the country recovered, and that depressions would occur at regular intervals as an integral part of "The Business Cycle" unless remedial steps are taken.

Charles Keane, '22, Makes Investigation

Charles T. Keane, Jr., Hamilton, '22, began on Monday a grand jury investigation of the bucket shop operations of B. J. Sanborn & Co., which in the fall of 1929 bucketed $150,000 from residents of Binghamton and vicinity. Mr. Keane is assistant deputy attorney general. His grand jury investigation of the bucket shop case follows an extensive preliminary investigation ordered by Attorney General John J. Bennett.

Mr. Keane, a resident of Binghamton, upon advice of Attorney General Bennett, recently resigned his office as secretary of the Broome County Democratic Committee and of the Binghamton City Democratic Committee. He had taken over the secretaryship of the county committee in 1928.

Mr. Keane is a member of Delta Kappa Epsilon fraternity.

Interfraternity Council Chosen

With the appointment of ten juniors the quota of next year's Interfraternity Council lacks but one member. All of the fraternities except Delta Upsilon have already chosen men to represent them in this group.

The men who were chosen were: Alpha Delta Phi, Maynard Jones; Theta Delta Chi, Arthur O. Harvey; Delta Kappa Epsilon, Richard B. Pippitt; Tau Kappa Epsilon, Ellsworth F. Qualey; Emerson Literary Society, John J. Walsh; Chi Psi, Charles S. Estabrook; Sigma Phi, Benjamin J. Stone; Chi Beta Sigma, Odin Fredman; Psi Upsilon, Albert K. White; Decagon, Homer Crane.

The old and new councils held a joint meeting at Emerson Hall last Wednesday, at which time the duties of the members were explained by the present council.

The following men were appointed McKinney Declamation speakers in Chapel this morning: Hallock Cowles Campbell, Donald Munro Cunningham, Jerome Boneparte Fisher, Jr., and Benjamin Johnson Stone of the class of '32; Robert Loe Fay, Theodore Carlton Massoth, Richard Joseph Redmond and Harold Wilson Symonds, Jr., of the class of '33; and Coleman Burke, George C. Fisher, Louis G. Katz and Gardener Smith, all '34.
